- **Call/Email Ministry:** Membership staff reached out to most of the members of the Call Ministry team. Several had not started to make calls or sending emails. Those who were making calls had nothing to report. They have all expressed extreme frustration at not receiving responses. Due to the number of calls that we get from unknown numbers, many people just don't answer calls from numbers they don't have in their contacts or recognize. Some people like getting calls, but just don't answer if they have nothing to report; others are just too busy to pick up or return calls that aren't of the utmost importance. I've stressed to the team that they should not expect to receive responses and it is perfectly fine if they don't get them. I have let them know the importance of just leaving a friendly voice mail/email for folks. However, people are finding this demoralizing. Several have expressed an interest in continuing to call the people they have heard from, but would prefer not to keep calling those who haven't responded. I've sent an email to the team to have them send me the names of the people they have not heard from. As they get those lists to me, I'll try reaching out to those people myself. By next month, I'll have a better idea of how many people we haven't been able to reach. (GLS) 1,2,3,4,6
- **Afternoon Tea with Membership:** These are scheduled for the third Saturday of the month. We've had three, in October, November, and December. Only one person attended in October and December; we had 5 people attend in November. (S) 2,4
