Legend						
Metric is within the limit that would allow consideration to move up to next Level						
Metric is slightly above the limit that would allow consideration to move to next level						
Metric is well above the limit that would allow consideration to move to next level						
<p>The LENS of the Future committee is following this data closely. We recognize the concerns caused by the increase in both the number of active cases and the test positivity rate. If these metrics continue to increase we may recommend more stringent guidelines. We continue to strongly encourage everyone to be vaccinated and to take all precautions that you feel are appropriate.</p>
