What is the mission of the organization?	

How does the organization carry out that mission?

Nominator: In your opinion, how is this organization’s mission compatible with the principles of Unitarian Universalism?

Please rank the first, second, and third preferences for which two months this organization would like to be partnered with First Unitarian. The volunteer opportunities will take place during these months, and half of the offering plate donations from these two months will be directed to the organization.

	September & October		January & February		May & June
	November & December		March & April		July & August

If no preference, or if you would like to briefly explain why the months you chose are important, please state so here:

Describe the 2 (or more) volunteer opportunities that could be available to members & friends of First Unitarian, including the type of work involved, the number of people, dates (if known in advance), and any age restrictions on who may participate.

Will there be any supplies needed and/or costs to complete the service projects? If so, please detail them here and clarify who will be responsible for them. Please note any costs incurred by First Unitarian for the service projects will be deducted from the overall donation amount.

How will the money be used that is donated by the congregation over the two-month period, if this organization is selected? (E.g.: General operating support, funding a special project, buying supplies, etc. – please describe.)

Faith in Action is considering creating more partnerships that are longer term, such as extending beyond the minimum of 2 volunteer opportunities and provide space for a deeper relationship between our congregation and those you serve. Would your organization be interested in a longer than two (2) months, more relational based partnership? Please circle your answer and please explain, if need be in the space provided.
